

THE OPEN IMMUNOLOGY JOURNAL

The Open Immunology Journal is an open access online journal, which publishes research articles, reviews, letters and guest edited thematic issues on Immunology including (but not limited to) clinical & translational immunology, cellular and molecular immunology, mucosal immunology, reproductive immunology and neuro-immunology. The journal also covers the pathogenesis, pathophysiology, treatment of autoimmune diseases, diagnostic auto-antibody tests and areas of clinical interest of autoimmunity.

The Open Immunology Journal, a peer-reviewed journal, is an important and reliable source of current information on developments in the field. The emphasis will be on publishing quality papers rapidly and freely available to the researchers worldwide.
